## Vacuum Casting Polyurethane: SG 95

---

### Properties

Ultimate tensile strength 58 N/mm<sup>2</sup>

Heat deflection 72°C

Impact resistance 12 kJ/m<sup>2</sup>

Elongation at break 25%

A transparent ABS-like material with excellent all-round functionality and great optical properties. Suitable for snap fits, low temperature applications and colour matching.

*"Great for colour matching applications."*

### Example applications

Visual prototyping

Low volume

Colour matching
